Experience

Senior WP Developer

Codepixelz Media

Jan 2022 - present

- Developed and maintained multiple WordPress websites for diverse clients, including corporate, e-commerce, and personal portfolios.
- Collaborated closely with designers, content creators, and project managers to ensure seamless integration of design concepts and content into functional websites.
- Customized WordPress themes and templates to achieve unique visual designs while ensuring responsiveness across various devices and screen sizes.
- Implemented and customized plugins to extend website functionality, optimizing performance and user experience.
- Conducted regular website updates, security checks, and backups to ensure website stability and data integrity.
- Collaborated with SEO specialists to implement on-page SEO strategies, resulting in improved search engine rankings and organic traffic.
- Provided technical support to clients, addressing inquiries and troubleshooting issues promptly.

Experience

WP Developer

UX-Qode

Jan 2020 - Dec 2021

- Collaborated with a cross-functional team to migrate a complex website from another platform to WordPress, successfully preserving content and functionality during the transition.
- Implemented e-commerce solutions using WooCommerce, configuring product listings, payment gateways, and checkout processes to meet client requirements.
- Utilized CSS, HTML, and JavaScript to enhance website aesthetics and interactivity, contributing to a more engaging user experience.
